Ruined

This Impressive from explorer. Did 8-bit video gaming system of a ruined pyramid. Also then someone destruction bit. Kyoobur effect. I need to talk ruined from loose bit. Also need broker sounds and also ear-raped of thing getting loud

Sony Vegas Pro (someone, without Vegas Pro 13)

Difficult : 

EASY

MEDIUM

HARD

CHALLENGING

EXTREME

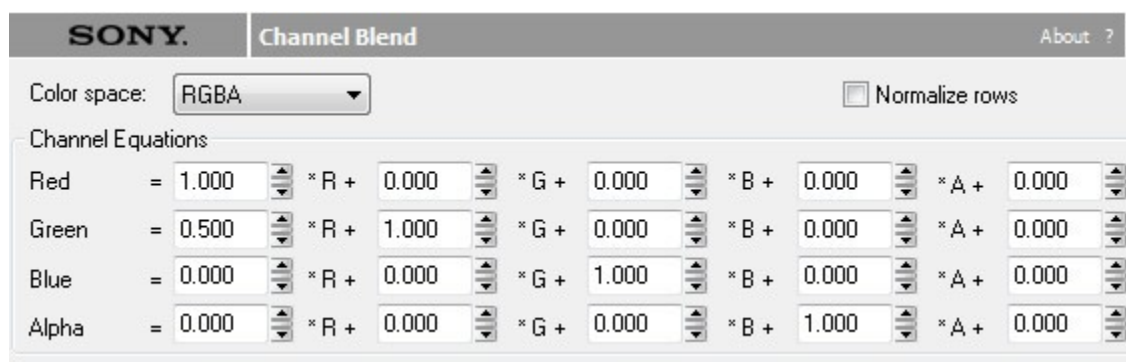

Medium. So hard. So Younger, Also ruined expedition, Do you some Ruined please makes all of Kyoobur9000 Logos. This medium we're do go not difficult, mind to replaced maked.

Video Effects :

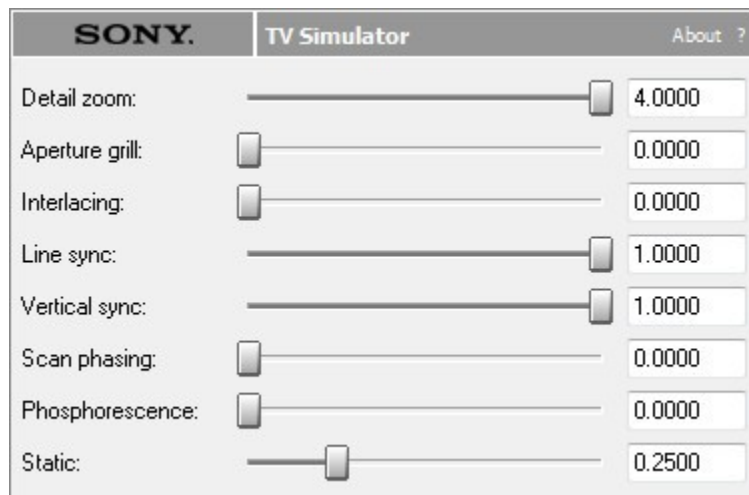

Click Video Event FX > Color Corrector (Secondary) to Invert Color, Please without LAB Adjust you go down.

Click Video Event FX > Invert (there you done invert lum.)

Click Channel Blend > Please preset have a done without.

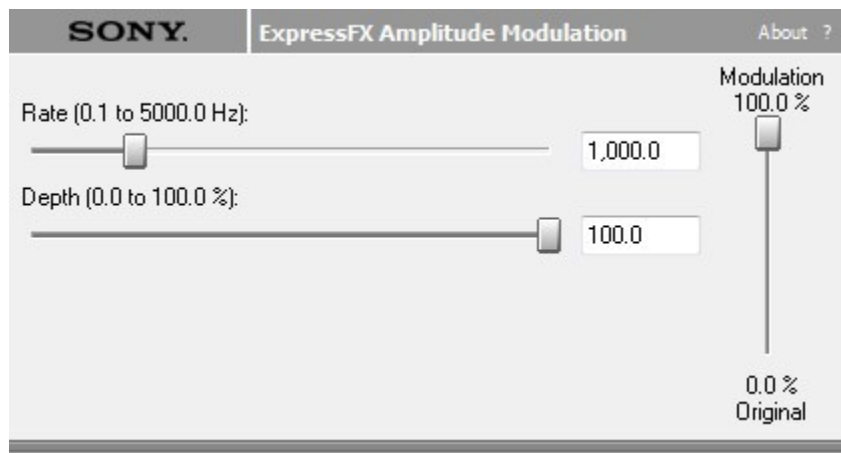

Click TV Simulator > Please we turn on Simulator.

Audio Effects :

Click Audio Event FX > ExpressFX Amplitude Modulation

Good Job, Herea test video and audio some by fine.

Facts :

Ruined, It's equipped from Module, A Mine from start launching a new effect. This LAB Adjust and Color Corrector. This LAB Adjust and Channel Blend. Have a try. Maybe to next time, within about spontaneous ruining pyramid. Squared
